Mathieu Retractor

SKU RM-MTR-20-1

\$44 USD

AVAILABLE SIZES & PRICING

SIZE / OPTION	SKU / DETAILS	PRICE (USD)
42 mm × 13 mm / 42 mm × 26 mm	RM-MTR-20-1-1	\$44
47 mm × 13 mm / 46 mm × 26 mm	RM-MTR-20-1-2	\$54

PRODUCT DESCRIPTION

The Mathieu Retractor is a versatile double-ended surgical retractor engineered specifically to provide reliable, multi-depth wound margin and soft-tissue retraction during general, plastic, and orthopedic surgical procedures. Designed with two distinct bifurcated blade geometries on opposite ends of a central handle, this instrument allows surgical teams to transition effortlessly between shallow subcutaneous tissue retraction and deeper fascial elevation.

Built for clinical versatility across varying surgical depths, this Mathieu Retractor retains a uniform total length of 20 cm (8 inches). Handcrafted from Premium Grade AISI 304/316 Stainless Steel (Non-Magnetic), the instrument is customizable across two distinct bifurcated blade size matrices: 42 mm × 13 mm / 42 mm × 26 mm (\$44) for standard soft-tissue fields, and an expanded 47 mm × 13 mm / 46 mm × 26 mm (\$54) profile for broader muscular displacement. The smooth, rounded blade margins prevent tissue trauma, while the central handle provides a fatigue-free grip for operating assistants.

Forged with an anti-glare satin matte finish, Retractor Maker manufactures the Mathieu Retractor to withstand repetitive hospital autoclave cycles, delivering high corrosion resistance, unyielding structural rigidity, and complete clinical durability for outpatient clinics and operating rooms worldwide.

THANK YOU

We look forward to discussing your surgical retractor requirements.
